Write-up about the Event (Max. 150 Words):

The Department of Biotechnology, Nehru Arts and Science College has organized One day webinar on “Explode Your Mental Block” during 08.10.2020. The inauguration of the invited talk started with welcome address followed by Dr. R. Vijayaraghavan, Dean-Biosciences NASC. The presidential address was delivered by Dr. B. Anirudhan, Principal, Nehru Arts and Science College. Technical Session was started with the talk by Dr. V. Krishnamoorthy, Associate Professor, Department of Management Studies, Kongu Engineering College. He explained about how to reprogram for your subconscious mind for success and happiness. The resource person narrated about step by step how to re-program your subconscious mind for greatness and success that: 1. Visualize the success that you want, 2. Have a specific vision, 3. Write down your goals, 4. Engage in affirmations, 5. Meditation, 6. Engage in positive self-talk and 7. Behave as though your dream has already been fulfilled. The participants were actively interacted with the resource person and gave good feedback. Finally the session was concluded with vote of thanks.

Outcome of the Event:

The mind is the seat of thought. It is divided into two main sections. These are the conscious and the subconscious mind. The conscious mind actively performs tasks such as calculations, logical comparisons as well as the active direction of our bodies. On the other hand, the subconscious part of the mind controls functions in your body that are supposed to happen automatically.

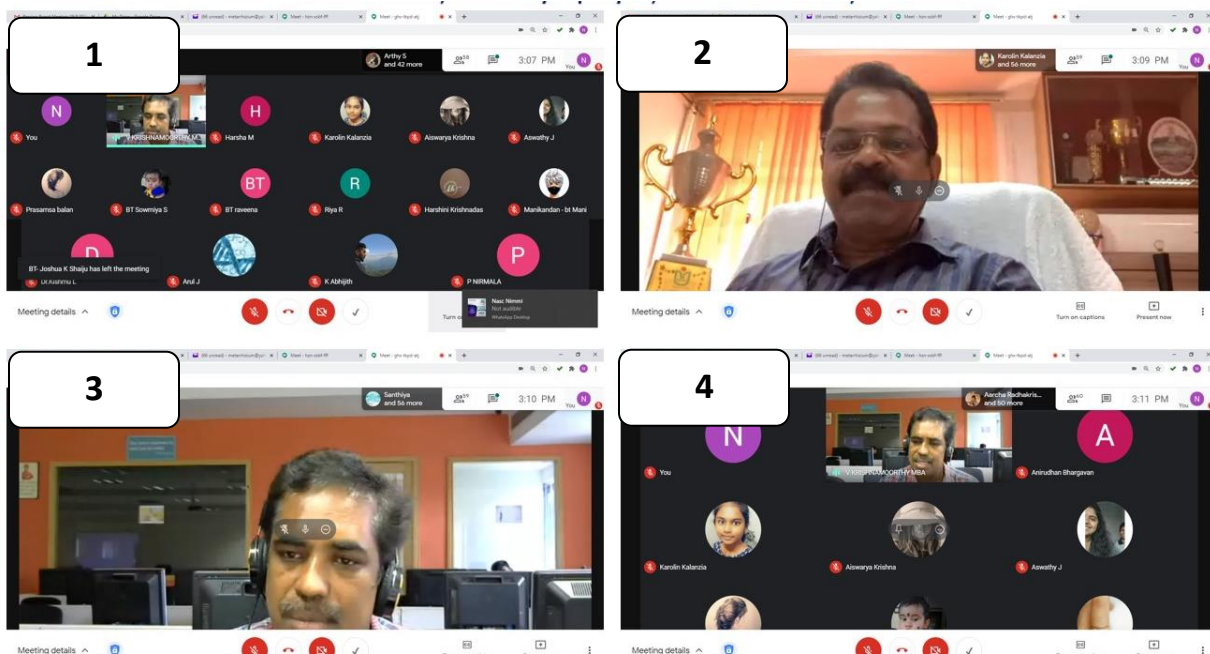

NEHRU ARTS AND SCIENCE COLLEGE

(An Autonomous Institution affiliated to Bharathiar University)
(Reaccredited with "A" Grade by NAAC, ISO 9001:2015 & 14001:2004 Certified)
Recognized by UGC with 2(f) & 12(B), Under Star College Scheme by DBT, Govt. of India)
Nehru Gardens, Thirumalayampalayam, Coimbatore - 641 105, Tamil Nadu.

Examples of such functions are the heart beat and breathing processes. According to scientific study, your subconscious mind occupies 90% of your mind while the conscious one occupies only 10%. This silent helper stores information such as your personal beliefs, memories, skills, life experiences, circumstances as well as all the images that you have ever seen in your life. It also has the ability to trigger emotions automatically and does not have the ability to tell the difference between what is real and what is fictional. As such, it has a significant effect on our lives yet can easily be manipulated. You can actually train your subconscious mind such that it will help you to attract exactly what you desire in life. Here is how to re-program your subconscious mind for greatness and success.

Write-up about the Event (Max. 150 Words):

As a part of the Extension Activity Academic year 2021-22 Department of Computer Applications and NSS unit II visited the Government Higher Secondary School at Thirumalayampalayam, Coimbatore on 24.04.2022 with 2 faculties and 22 students of II BCA. Our students took part in the cleaning event and actively involved inside the school campus. As per HM instruction the unwanted weeds and paper waste were removed from the school premises. The school students also understood that they have to keep their classrooms and ground clean and swach.

Outcome of the Event:

The students were able to understand the importance of cleanliness and also the importance of keeping out surroundings clean and healthy. The message of Swach Bharath was also understood and explained to the school students.
