**Write-up about the Event (Max. 150)** : The seminar is given to the newly joined facilities, in the topic "Hand on Training on Edmodo". The session focused on how teachers can use Edmodo, to truly bring the classroom online. With the ability to give assignments, quizzes and polls to students, The Topic covered how Edmodo using teachers can manage their classes and consolidate all of their activities in one place. The resource Person also gave a wider knowledge about how teachers can embed instructional videos, create learning groups for students, and manage calendar events. Communities allow teachers to browse subjects in order to find and share information within a broad stream of content and conversations related to that topic. The platform offers numerous organizational features for teachers, even offering an option for users to print out rosters for substitutes. Badges are another fun feature, allowing educators to monitor the progress of student groups and issue awards for their achievements.

**Outcome of the Event:** The session helped the facilities to know more about Edmodo and the session helped the facilities members to create Edmodo account and gave a wider knowledge about how to use the various features in Edmodo effectively.

### Write-up about the Event (Max. 150):

School of Computational Sciences, Department of Computer Applications organized a Refresher Programme for Non-Teaching Staff on Digilocker. Dr. D. Surya Prabha, Assistant Professor, Department of Computer Applications welcomed the gathering and Mr. S. Sheikh Mohamed Shalam, II BCA Student gave the chief guest introduction. Dr. K. Selvavinayaki, Dean, School of Computational Sciences presided over the function. Dr. Reena, Assistant Professor, Department of Mathematics, Nehru Arts and Science College was the resource person for the refresher programme. She gave an introduction on Digilocker and how the Digilocker approved documents are a valid and are considered as an equivalent original document. The importance of having the digilocker app in the mobile phone is emphasised. The participants were demonstrated on how to install the app and how to search their government approved documents in the app and save it in their app.

**Outcome of the Event:** The non teaching faculty felt that the session was very useful and informative. All the participants installed the digilocker app and downloaded their government approved documents like Covid vaccine certificate, driving license and vehicle insurance.

## Inaugural session

**Date : 27.09.2021**

---

Internal Quality Assurance Cell conducted “Faculty Induction Programme – 2021” for the newly joined faculty members from 27.09.2021 to 01.10.2021. Faculty Induction Programme – 2021 is designed to provide a systematic and comprehensive support system for the new faculty members. The primary objective of the programme is to empower and motivate the faculty members for enlivening the learning process by adopting novel pedagogic approaches which are collaborative and participant centered, to integrate learning and teaching with ICT, and to equip them with the latest assessment tools in higher education. The first session was inaugurated on 27.09.2021 at 2.00 pm. Dr. N. Shani, IQAC Coordinator delivered the welcome address and delineated the expectations and the roles and responsibilities of the faculty members in terms of academics and evaluation. Dr. B. Anirudhan, Principal delivered the presidential address and enlightened the faculty members on various issues with reference to establishment, academics, service rules and regulations besides research and development being carried out at NASC.

#### Write-up about the Event:

The session begun by giving the introduction about Computer Networks, Components of Networks and Cloud Networking. Cloud Networking, which allows developers to connect many devices across a huge geographical area using cloud-based wireless networking systems hosted by third-party service providers. The resource person explained the "Networking 101" which is designed to be a gentle introduction into the world of routing issues and concepts. Also he demonstrated the working of OSI Reference Model with examples. Non Teaching Staff, Teaching Staff Members and Students have actively participated in the session and interacted with the resource person. The session ends with presenting vote of thanks to all participants.

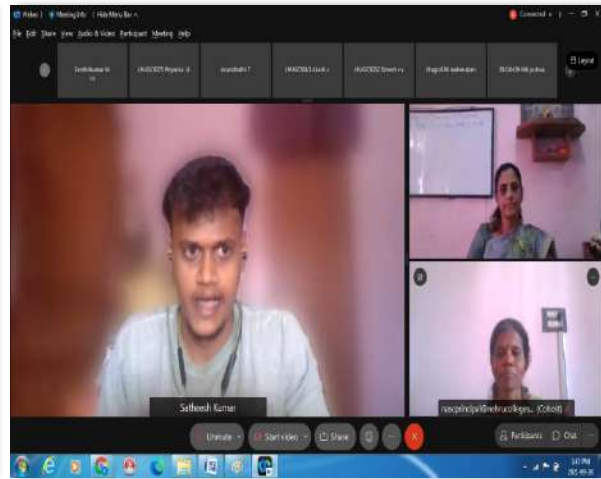

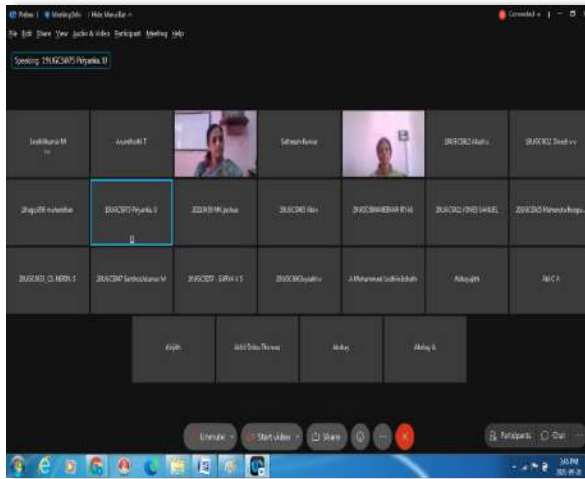

#### Outcome of the Event:

The session gives a concise knowledge of Cloud-based wireless networking systems. Participants understood about the network link devices such as Ethernet (Local Area Network), WLAN (Wi-Fi), or WAN (Wide Area Network). It helps to understand students to get more idea

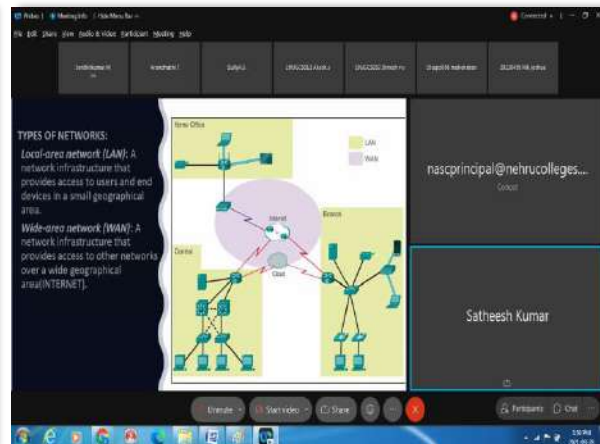

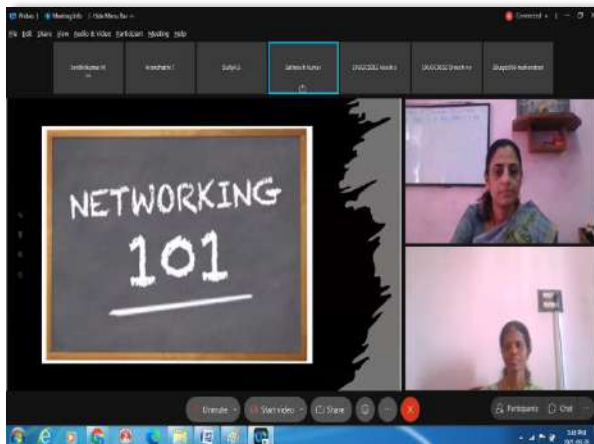

about **Internet Protocols, OSI Reference Models and Firewall Systems**.The overall session was very informative and interactive.

### Write-up about the Event:

The Refresher Program on “Big Data and 5G Technologies In Today’s Era” was organized on 03.06.2021 through the online platform Google Meet at 11.00 AM. **Dr. N. Kavitha, HoD** welcomed the gathering. **Dr. B. Anirudhan, Principal**, Nehru Arts and Science College delivered the presidential address. Ms. Sujatha of Final Year Student introduced the Resource Person Dr. R. Anusha

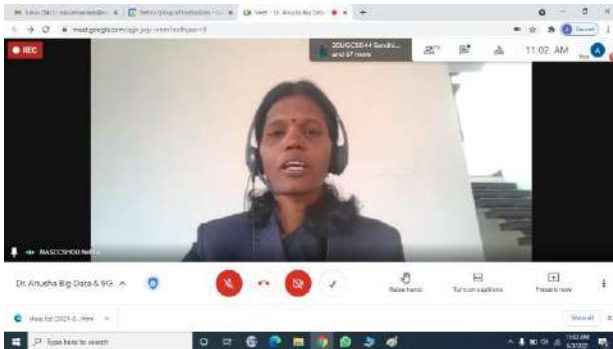

### Invited Talk Session:

The resource person has delivered a brief lecture about message, information and data. Due to this Technological growth, there is a large production of data that needs to be identified and

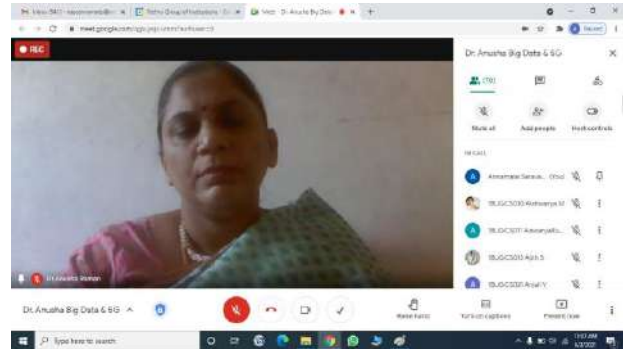

stored efficiently. The different tools and techniques used in Big Data for identifying and categorizing were discussed. The roll played by 5G networks in future along with the mass data movement was well explained with real time examples. Dr. R. Annamalai Saravanan Associate Professor, Department of Computer Science proposed the vote of thanks.

### Outcome of the Event:

The participants gathered knowledge on Big Data and 5G Technologies.
