### Centre for Cultural Heritage and Human Excellence

The Centre for Culture, Heritage and Human Excellence was established in the year 2017. After this, the Centre has successfully implemented various programs and Cultural events in the campus. As a part of the initiative, the days of National importance like Republic Day, Independence Day, Gandhi Jayanthi, Teachers Day, Pongal, Onam celebrations, Christmas and New Year celebrations were organized in the campus. Our focus is on enriching the spiritual and ethical values of the students. To implement this, various events were organized such as International Drug Abuse Day, World Mental Health Day and World Population Day. Education combined with societal concern will always serve our students to get a better platform in shaping the mind. The additional focus of our Centre is to excel in Human Excellence. To fulfill this, our Centre has got a poignant responsibility in nurturing the students with the golden values of our culture, Indian heritage, Human values and Ethical values of our country. Sustaining the humane trait within us is the need of the hour and our Centre for Culture, Heritage and Human Excellence does with ardent passion and sincerity. India is the soil of elevated spiritual thoughts. The prime need of the hour is to carry on the spirituality of our ancestors to the new generation which is engulfed with technicalities. Reducing the technocrats within us and inducing the cultural and spiritual urge within us is the motto of the Centre for Culture, Heritage and Human Excellence. Several activities are conducted such as wall painting with our cultural diversity in India, Ethical values of our society and respecting our Ancient heritage and culture. The Institution encourages our students to go for cultural programs all over India to understand our diversified heritage, culture and Human values in our historical Nation. Our Centre is moving forward with a couple of futuristic plans to give enormous awareness programs to the modern society to
