7.3 Give two Best Practices of the Institution *(please see the format in the NAAC Self-study Manuals)*

---
1. Placement Training
2. Entrepreneurship Development Cell & Production Units

BEST PRACTICE – 1

Title of the Practice: **Placement Training**
Goal

The objective of Placement Training is to provide students with knowledge, skill and aptitude, fulfilling the Manpower requirements of the Industry and choosing the career of their choice.

The Context

Our College has a separate Placement Cell - **Nehru Corporate Placement & Industrial Relation (NCP & IR)** which enhances the employability of the students by conducting specialized training. The training programs are aimed at enhancing the employability skill set of the student, in which every graduate must hone their Leadership, Communication, Time Management, Problem Solving and Interpersonal skills. NCP & IR operates year round to facilitate contacts between Industries and our Institution.

The Practice

The schedule for the Placement Training is preplanned and it is being offered to all the Students during their II, III, IV and V Semesters. The training schedule is circulated in advance and made a part of the time table for the students to attend the training without fail. The programs offered to Graduates and Post Graduates are continuously monitored and revised to incorporate latest methodologies, technologies, theories and practices.

The sessions are designed to be more participative centric in which the students get to explore, engage, and evaluate their learning style. The trainer would act as a facilitator, coach or mentor depending on the requirement, so that the objective of each session is achieved. The trainers have all the necessary components of effective assessment on the student's ability to acquire and assimilate the concept. Any minor short comings of the sessions would be recorded by the trainers to get it implemented across other classes as sharing of best practices.

Similarly, year-on-year all changes would be complied to develop a new syllabus version keeping in mind the relevance of industry readiness so that the students are benefitted. The Students are assessed through Aptitude, Listening test, Verbal Ability, Group Discussion, Presentation Skills and Mock Interview and feedback is given to them to improve.

Limitations

To sharpen the Communication Skill among the students is challenging in some case as their linguistics inference differ with the medium of study. Special care is taken for those students who stumble in these areas.

Evidence of Success

A total of 1155 Placement offers were received by our students. Out of 760 Job Aspirants, 539 (71%) students were placed in 42 different companies. Placement Record of recent past is the Evidence of Success with highest salary of Rs. 4, 80, 000/- per annum. Our College scrutinizes the quality output and ensures the employability of each student passing out from the Institution. Our Alumni are designated in different high portfolios across India and abroad.

BEST PRACTICE – 2

Title of the Practice: Entrepreneurship Development Cell & Production Units
Goal

The goal of "Entrepreneurship Development Cell (EDC) & Production Units" is to evoke interest in the minds of self motivated students toward venture floating. The activities of "Entrepreneurship Development Cell (EDC)" and Production Units directs in generating curiosity and disseminating information to those who have an innate desire to become entrepreneurs.

The Context

Entrepreneurship Development Cell of NASC was conceived to be a centre of those self motivated students who think they can / will contribute to the nation-building by starting their own ventures at some stage in their life. The production units in our college provide the knowledge to the students, enhance the skill through hands-on experience in research - trouble shooting, production, marketing and mould them into entrepreneurs.

The Practice

A grant of Rs 50,000 was received from ENTREPRENEURSHIP DEVELOPMENT INSTITUTE OF INDIA, Gujarat, India, under the scheme of DST-NIMAT 2017-2018 by Entrepreneurship Development Cell of our college. Under the above scheme, Entrepreneurship Awareness Camp was conducted from 12.09.2017 to 14.09.2017 in which 120 students participated. Our College has 11 Production Units to train the students to earn while learn. This gives confidence among the students and it's a shortcut to reach the target as a young entrepreneur.

 The Students get familiar in production, marketing and sales. Before graduation they get a clear idea to start a small scale business. The institution paves way in blending large number of trained manpower through production units which fulfil the need of the industry.

Production Units in Microbiology, Biotechnology, Biochemistry, Catering Science and Hotel Management, Costume Design and Fashion, Visual Communication & Electronics and Communication Systems acclaim more than 15 products. The production units help the students to gain experiential learning.

The Students are involved in production at different units to produce Herbal Hair Oil, Lip Balm, Cough Powder, Mushroom, Mushroom cookies, Vermi Compost, Herbal Anti Dandruff Oil, Photography, Garment Designing, Food Products and Non contact IR Thermometer, to nurture and transform them into life-long learners, researchers and innovators. The Profits earned through the production units are shared among the Students, Members of Staff and Management

in the ratio 30:30:40. Production Units play an important role in providing hands – on training to the students and to earn while learn.

Limitations

To instil the spirit of Entrepreneurial Skill among the students is challenging as inculcating it into practice would happen through gradual process. The students found it difficult to take hand-in-hand with their academic activities and entrepreneurial skill. It was dealt with the provision of special support.

Evidence of Success

"Entrepreneurship Development Cell (EDC)" will be governed by students who have the ability to manage resources and events under the guidance of coordinator. Students' participation is the core to this club's activity, whereby we can nurture entrepreneurial abilities of individual students. Production units generated a total amount of Rs. 2,40,626/-. Production units help the students to implement their research & innovative skills and become entrepreneurs. Independent Learning is made easier through Production Unit. The College evaluates the products in Production Units to streamline their research attitude and develop their entrepreneurial skills. It also encourages the tempo of innovation and research aptitude of the students.

7.4 Contribution to environmental awareness / protection

- Herbal Garden is maintained in the campus.
- Organic Farming is done near hostel kitchen, to enhance the soil fertility evading fertilizers & pesticides.
- Mission Clean City in Government Hospitals, Railway Stations and District Collectorate, Coimbatore.
- Mission clean campus is carried out by students fortnightly in college.
- Exhibition cum Awareness Programme on " Drug Abuse and Illicit Trafficking" was organized on International Day against Drug Abuse and Illicit Trafficking Day in Coimbatore Railway Station on 26.06.2017
- World Population Day Rally was organized in T.M. Palayam village to create awareness about causes and effects of over population and how over population affects our country development. Around 500 people were the beneficiaries.
- NSS invited various school students of Coimbatore to our college campus and distributed Saplings to the school students on 07.10.2017.
- Dengue Awareness Camp was organised to educate sanitation practices in and around the nearby villages.

CS	Android , Java, Linux, Advanced Operating System, Python, C++, Advanced java, Computer language related subjects, More knowledge about current affairs	• Every staffs in the department motivate students for their studies and extracurricular activities. Provides a better environment for acquiring knowledge. • Very helpful for all staff in department and good experience • Good and friendly • Most valuable course • Very supportive	• Fantabulous • Festember • Phoenix • Cultural fests	No suggestion
M. Sc. ECS	Radar engineering, Optical fiber , automation , satellite communication, Nanotechnology, Nuclear physics, Integrated circuit, Some more computer languages.	• Mainly the department wise there will be no understanding between student and a teacher. And also we are PG students just like they see as a kids from day care. So kindly in the next academic year please take a good action for this. So that the coming new batch get's a good environment from the staff's. • Good infrastructure • But low quality of teaching and teachers	Being a part for the back drop for all the function. Which allow us to stay back there for the whole night and to be a part of every event which my college organized.	• For college none. But for department need to improve more. • There are many quotes all around. The department please add more quotes for the mentors also. So that they also want to develop an attachment between what a student and teacher is. • Time management of staff members is not at all good • Need of Good faculties • Department activities want to improve

B.Sc. Visual Communication	• Video editing practical • Practically involved studies • Audiography • Journalism with Mass communication • Cinematography • Photography • Should include a paper on editing (post processing) for both photos and videos. • Improve a Study About Viscom • Need more practical classes and work than theory • Film making • Direction Techniques • Asthectics, Graphic designing • Good • Film production • Mass Communication • Animation • Viscom theatre	• Good. But need improvement in syllabus, practical equipments etc. • Good teachers and try to make upgrade. • A moderate level department, which has a below average equipments. Which has to be improved. • My department staffs are too good because they are good at teaching and also in motivating. They had motivated me a lot and proud to have such staffs and am so glad to be a part of that department • Very bad department politics • Waste of time and money because not much more screen size sound system and camera, so importantly doesn't have charger. • Time pass • Works done for Kaolin 16 and 18 • Department is really good but the teaching level is not good. Should improve the teaching level. • Expectation can't full fill • I did't get anything much better from this department than i have learned and experienced myself and from friends. • Worst experience I had past three years • It's very underdeveloped still a lot to improve • Very worst • I just develop my Creative skills • All are good. But Department have to develop the facility of equipments for studying.. • My department Visual communication made my college life to an wonderful one in both case of studies and entertainment... • Slow, less motivation to teach	• Being with friends • 2015 onam • Suspension for using colours inside the campus premises • Festival celebrations • Onam celebration • Practical times • Bunking classes • Flash mob for our kaolin 2k18 • College day celebrations • My friends • All days • Canteen and French class • Kaolin 2k16 • Friends, teachers and atmosphere of the college .. • Sent off • Thaiwan Shooting Time • Finishing	• Change the rules • Practical class are conduct on outdoor class • Pls change uniform color • Please provide more learning equipments and please make sure the students getting these equipments without fail. Because the learning equipments for students were used by other people for their own purpose. so please make sure that students are getting these when they are needy. Give more importance to practical sections because theory can't give experience and help in the field. • Consider every students talent. Do not judge them by appearance • Kindly offer permission to students • Invite a Chief guest For students skill development • Make the students free • Build staffs knowledge, and make talented staffs for all departments. • None
